

**BEAVER DAM UNIFIED SCHOOL DISTRICT**  
**WALL OF FAME**

**Apache Stainless Equipment Corporation**  
**2016 Friend of Education**

Apache Stainless Equipment Corporation has been the leader in the Beaver Dam Unified School District Career and Technical Education efforts. They have worked with and led other manufacturers in Beaver Dam and Dodge County to create the Dodge County Manufactures Alliance, which is a group organized to support Career and Technical Education in Beaver Dam and greater Dodge County.

Apache Stainless Equipment Corporation has been a great resource for district students and teaching staff. They host tours each year for Manufacturing Day, and they have been instrumental in spreading the message of the Business Education Partnership. Apache Stainless Equipment Corporation has been a strong advocate for Career and Technical Education in the community. They have been involved for a number of years in the High School's Career Day. Apache Stainless Equipment Corporation donates all the stainless steel used in the classroom labs, as well as guidance from welders and managers. They also are part of the Youth Apprentice program, which provides on-the-job training for students. They are committed to providing opportunities to students to expand their education beyond the classroom.
