

Paul Miller
2007 Friend of Education

Paul Miller is a Friend of Education to the students of the Beaver Dam Unified School District and the Future Farmers of America (FFA) Program. For over 20 years, he has supported the FFA by providing financial support for numerous chapter activities and by donating his finest potatoes for chapter banquets and fund raising activities.

Paul is an advocate for education and this is demonstrated by the unique and informative learning experiences he provides for agriculture students. He provides tours of his and other agribusinesses and through these experiences, he shares his success with students in an effort to help them become productive citizens and successful in their careers. Paul's service to agriculture, education, and the FFA continues through his participation as an adult contributor.
