SUMMER SCHOOL 2017

The Beaver Dam Unified School District offers a comprehensive Summer School program to students in the Beaver Dam area. Our summer program is available to children regardless of whether they attend public or parochial school during the year.

The BDUSD summer program continues to offer a variety of skill building and enrichment courses. Skill building courses are remedial in nature and are designed to support student growth in academics. Our enrichment classes provide students with learning activities that broaden their skills, and enrich their interests, and extend their current academic level. Hopefully, there will be enough student interest in each course because a sufficient number of students are needed to run a class section.

Classes are not guaranteed!
If classes fill up, your child may be scheduled into an alternative class.

Some classes have a fee to cover costs for supplies. Fee amounts are listed in the course descriptions. Fees are required to be paid when submitting the registration form. Exception: Fees are waived if the student qualifies for free/reduced meals during the 2016 - 2017 school year.

Teachers will often recommend that a student enroll in Summer School to further develop the skills and abilities needed to carry on the work of the next grade. Parents are urged to give serious thought to such recommendations. Please note that some courses are available ONLY through teacher recommendation.

I encourage you to review the information and consider enrolling your child/children in the Beaver Dam Unified School District Elementary Summer School Program and take advantage of these worthwhile educational opportunities.

Summer Food Service Program

The Beaver Dam School District is proud to announce that it is joining the USDA and DPI in offering a lunch program for our summer school program. Free lunches will be served every day of summer school at Prairie View school. All students are eligible to receive free meals under this program, which is funded by the USDA. We hope you plan for your child(ren) to join us for a nutritious lunch every day.
REGISTRATION

REGISTRATION FORMS AND FEES ARE DUE March 10, 2017.

Students should register at their respective school offices on or before March 10. Students attending parochial schools during the regular school year should return their registration forms to the BUDSD Education Service Center located at 705 McKinley Street. Early registration is encouraged. Registrations will be processed in the order in which they are received. Classes are not guaranteed.

Please note, material fees are required for some classes. Fees must accompany the registration forms, which are located in the back of this booklet.

If for some reason you require a refund, a written request must be submitted to Michelle Falkinham at the ESC, 705 McKinley Street no later than June 19. Please include your name, your child’s name, the classes they registered for, and a brief explanation as to the reason for the refund. Requests received after June 19 will not be granted. Refunds for BDUSD students will be applied to any unpaid fees or deposited into the family lunch account. Non BDUSD students will be sent a refund check.

Student schedules will be mailed about a week before Summer School starts. Classes are arranged and staff employed on the basis of registration numbers. The number of students registered for a class determines the number of sections created for that class and the times it will be offered.

Students taking instrumental music lessons should register on the Summer School form and return to the music directors.
