Principal Message

Wilson Families,

As we wrap up the first month of the school year, I want to take a moment to reflect on our journey so far and share some important updates. This September has been filled with excitement as our students have settled back into their routines and embraced the new school year. One of our primary focuses during this month has been conducting beginning-of-the-year assessments, particularly with the i-Ready program. These assessments are crucial as they provide our teachers with valuable insights into each student's strengths and areas for growth. The data collected from the i-Ready assessments will play a significant role in helping our educators tailor their instruction to meet the individual needs of our students. With this information, teachers will work with your child(ren) to develop their personalized learning goals for the first semester.

We understand that testing can sometimes be a source of anxiety for students, but I want to assure you that our team is committed to making this process as positive and constructive as possible. The goal is to empower our students and set them up for success throughout the year. In addition to assessments, our teachers have been engaging students in various activities that

foster collaboration and community. We believe that a strong sense of belonging is vital to student success, and we are dedicated to nurturing that within our school environment.

Looking ahead, we will be hosting Parent-Teacher Conferences on October 17th and 22nd, which will provide an excellent opportunity for you to meet your child's teachers and discuss the learning goals that have been established for your child. We encourage all parents to attend and be a part of this important conversation about your child's education. Thank you for your continued support and partnership. Together, we can make this school year a successful and enriching experience for all our students.

Wishing you all a fantastic month ahead!

Las tradiciones unen a las familias. Ya sea una cena familiar, las vacaciones de verano, las celebraciones de cumpleaños o los viajes semanales a casa de la abuela, las tradiciones brindan a los niños un sentido de pertenencia e identidad. Las tradiciones son herramientas valiosas para enseñar ética social y valores familiares, al tiempo que promueven lazos familiares estrechos.
