General Housekeeping

In the spirit of Thanksgiving, students have been completing gratitude journals daily at school! They are really excited to bring these home to share with you soon! There is always a lot to be thankful for!

Family recipes are due on Tuesday, November 19th! If you have not sent one with your child, please do so! This is needed for a project, and your help is greatly appreciated!

Reading

This week we are continuing our study of famous monuments in our history: the Statue of Liberty. Students are working on identifying the author's purpose and the central (or main) idea of a paragraph or text.

Math

We are nearing the end of our multiplication section of our Unit this week as we practice grouping factors to make multiplying easier! Students will began their Mid-Unit test yesterday.

Thank you for taking time to help your child complete his/her Fact Brochure that got sent home! This is a great way to see what your child is working on at school!

Writing/ Grammar

The students have been working very hard on writing descriptive paragraphs about a place they love. We are working on revising and editing our pieces so that we may begin typing our final pieces!

In grammar we are working on identifying the difference between concrete and abstract nouns (happiness, peace).

Social Studies

The students have been learning more about People and the environment this week as we study natural resources and how these affect where and how people live.

Science

Students are exploring the idea of forces at work in trapeze work. They are learning more about how changing one part of an experiment may alter the results.

Happy Birthday!

There are no birthdays to celebrate this week.

Upcoming Events

- Digital Distance Day: Wednesday, November 27th
- No School-Thanksgiving Break: Thurs., and Fri., November 28th and 29th

Reminders

Please make sure your child is completing the PAWs sheet every Friday! Thank you!
