

**BEAVER DAM UNIFIED SCHOOL DISTRICT
WALL OF FAME**

Laura Goral

2020 Friend of Education

Laura Goral selflessly gives of her time to serve underprivileged youth of Beaver Dam and she constantly looks to improve the lives of children. She spearheaded a Playground Movement to provide a welcoming environment for children and families to play and gather, creating a positive identity for a disadvantaged neighborhood.

Laura works tirelessly to ensure that students and families have access to food, transportation, and other basic needs. She organized a backpack program so disadvantaged students had the necessary supplies to start the school year and she also worked with community organizations and individuals to provide families with Christmas gifts.

Laura works with the district to distribute school meals to families and recently started a food pantry for neighborhood families. She partnered with the High School Woods Class and other individuals on a picnic table project for kids to have a place to eat their lunches during the summer. Laura organizes many neighborhood educational events and supports along with parenting and other family resources.
